## AVENO Brake Cleaner

0002-300021

### Description

AVENO Brake Cleaner Cleaner is a powerful cleaning agent for the quick and residue-free removal of oil, grease, brake dust, dirt and brake fluid from vehicle parts. It is ideal for brake systems, clutch parts, engines and other metal machine parts. Thanks to its special chemical composition, AVENO Brake Cleaner ensures thorough degreasing and cleaning without leaving any residue, as well as optimum adhesion during brake and clutch assembly. It prevents brake squeal. AVENO Brake Cleaner does not contain acetone and is therefore compatible with paints, plastics, seals and rubber.

### Instructions for use

Bring can to room temperature (5-30 °C). Shake well for 2 minutes before use. Spray on parts to be treated until dirt is removed. If necessary, rework with a brush or paintbrush. Switch off live parts beforehand and wait at least 15 minutes after cleaning. Note: Cover painted and plastic parts beforehand. Areas of application: brake discs, drums, linings, lines and cylinders, clutch parts, engine and machine parts, tools, metal surfaces.

### Properties

- Acetone-free
- High dissolving power
- Residue-free evaporation
- Does not attack O-rings and brake hoses
- Non-conductive, non-corrosive
- Contains no chlorinated hydrocarbons
- Quick-drying, highly degreasing and water-displacing
- Mechanical cleaning effect due to powerful spray jet

### Technical specifications

Properties	Data	Unit	Testing under
Appearance	Transparent		
Basis	Aliphatic hydrocarbons		
Density at 20°C	0,7 g/l		
Odor	Characteristic		
Packaging	500 ml aerosol dispenser		
Propellant gas	CO2/propane/butane		
Refractive index (20°C)	1,398		
Shelf life	10 years at 10-25 °C & max. 60 % humidity		
Spray rate	4,11 g/s		
Vapor pressure (20°C)	5,5-6,5 bar
